Software for an electrical contractor

Run the jobs, quotes, invoices and certificates from your own website.

What it does

- Certificates as records, not documents.
- Outstanding C1 and C2 findings are on the front page in red, because from the moment a danger is written down and signed for the contractor is on notice, and...
- Readings are kept as text, not as numbers, because ">999" and "N/A" are real answers on a certificate and a numeric column turns both into zero, which reads as...
- Twenty-three tables of contractor data in the database you already back up, with no per-user fee and no monthly bill.

Price

$699 a year or $3,495 once, one site.

Pro $1,199 a year or $5,995 once. A free 30-day Pro trial is built in, with no sign-up.

Founding customers

The first five businesses to choose TEG-ELECTRIC get their first year at half price - $349.50 instead of $699.

In return: a short selfie testimonial - a quick video on your phone, or a written quote with a photo, whichever is easier for you - permission to name you as a customer, and your honest feedback. We will e-mail you now and then to ask how it is going, and our feedback page is always open for comments, criticism and suggestions - all very welcome.
