Software for a wedding or event venue

Sell each date once - inquiries, holds, the contract and the retainer - from your own website.

What it does

- A date is sold once: the database refuses a second booking.
- Contract, signature and retainer at one link, no login.
- Payments go to your own Square, Stripe or PayPal - no platform fee.
- Service charge and gratuity on separate lines, and a minimum spend shown as its own line - never hidden inside a price.

Price

$695/yr or $3,475 once.

Pro, with room combinations, auto-pay, card-hold security deposits and language packs: $1,195/yr or $5,975 once. A free 30-day Pro trial is built in.

Founding customers

The first five businesses to choose TEG-EVENTCENTER get their first year at half price - $347.50 instead of $695.

In return: a short selfie testimonial - a quick video on your phone, or a written quote with a photo, whichever is easier for you - permission to name you as a customer, and your honest feedback. We will e-mail you now and then to ask how it is going, and our feedback page is always open for comments, criticism and suggestions - all very welcome.
