Software for a hair salon or barbershop

Run the diary, the till and your stylists' commission from your own website.

What it does

- Your diary books the stylist and the chair, so the time a color is developing can be sold.
- Patch tests that expire and refuse the booking.
- Client receipts and texts in the salon's language, and each stylist's screens in theirs - Spanish or French, with Pro.
- Commission for employed stylists AND chair renters in the same room.

Price

$495/yr or $2,475 once.

Pro $845/yr or $4,195 once.

Founding customers

The first five businesses to choose TEG-SALON get their first year at half price - $247.50 instead of $495.

In return: a short selfie testimonial - a quick video on your phone, or a written quote with a photo, whichever is easier for you - permission to name you as a customer, and your honest feedback. We will e-mail you now and then to ask how it is going, and our feedback page is always open for comments, criticism and suggestions - all very welcome.
