Software for a heating and cooling contractor

Schedule service calls, keep each home's equipment and the EPA refrigerant log, and sell maintenance agreements that book their own tune-ups. Good / better / best proposals from your...

What it does

- One price for the shop, not per technician.
- An equipment register per property.
- A refrigerant log with the technician and their 608 certification on every entry, added, recovered or sent for reclamation, with monthly totals.
- Checklists with readings.
- Maintenance agreements that put the tune-ups on the board weeks ahead, with the member discount.

Price

$795 a year or $3,995 once, one site.

Pro, with TEG Back Office, the leak-rate log and language packs: $1,295 a year or $6,495 once.

Founding customers

The first five businesses to choose TEG-HVAC get their first year at half price - $397.50 instead of $795.

In return: a short selfie testimonial - a quick video on your phone, or a written quote with a photo, whichever is easier for you - permission to name you as a customer, and your honest feedback. We will e-mail you now and then to ask how it is going, and our feedback page is always open for comments, criticism and suggestions - all very welcome.
