Software for a small law firm

Run matters, time, client trust ledgers and billing from your own website.

What it does

- A pooled trust account holds money belonging to many clients.
- Pay client A's expert when A is at zero and the money that left was client B's.
- So a disbursement is tested against that client's ledger and refused if it exceeds it, whatever the account holds.
- RECONCILIATION IS THREE-WAY.
- And the ledger is APPEND-ONLY.

Price

$695/yr or $3,475 once.

Pro $1,195/yr or $5,975 once.

Founding customers

The first five businesses to choose TEG-LEGAL get their first year at half price - $347.50 instead of $695.

In return: a short selfie testimonial - a quick video on your phone, or a written quote with a photo, whichever is easier for you - permission to name you as a customer, and your honest feedback. We will e-mail you now and then to ask how it is going, and our feedback page is always open for comments, criticism and suggestions - all very welcome.
