Software for a lawn care or landscaping business

Run routes, visits, plans and invoices from your own website.

What it does

- A $45 lawn cut in 20 minutes looks like $135 an hour.
- So every revenue figure is per CREW HOUR INCLUDING DRIVING, shown beside the flattering on-site figure that other software gives you.
- Rain cascades properly.
- Chemical applications recorded the way an inspector asks.

Price

$595/yr or $2,975 once.

Pro $995/yr or $4,995 once.

Founding customers

The first five businesses to choose TEG-LAWNCARE get their first year at half price - $297.50 instead of $595.

In return: a short selfie testimonial - a quick video on your phone, or a written quote with a photo, whichever is easier for you - permission to name you as a customer, and your honest feedback. We will e-mail you now and then to ask how it is going, and our feedback page is always open for comments, criticism and suggestions - all very welcome.
