Software for a computer, phone and Mac repair shop

Run the whole repair shop - check-in, the bench, invoices and payments - from your own website.

What it does

- Your tickets are joined to the Doctor diagnostic tools (sold separately: WinDoctor $199, MacDoctor $179).
- Paperwork in your customer's language, screens in each staff member's own.
- No per-user fee, no per-ticket cap and no monthly bill.
- The customer data stays in the shop's own database, on the site you already pay for.
- Refer a friend: every customer has a personal code.

Price

$399 a year or $1,995 once, one site.

Pro $699 a year or $3,495 once. A free 30-day Pro trial is built in, with no sign-up.

Founding customers

The first five businesses to choose TEG-REPAIRSHOP get their first year at half price - $199.50 instead of $399.

In return: a short selfie testimonial - a quick video on your phone, or a written quote with a photo, whichever is easier for you - permission to name you as a customer, and your honest feedback. We will e-mail you now and then to ask how it is going, and our feedback page is always open for comments, criticism and suggestions - all very welcome.
