Software for a bar and restaurant

Run bookings, orders, the menu and the bar from your own website.

What it does

- Availability that knows a table is held for a turn.
- A till for the floor and the bar.
- A dish that runs out is marked off until the end of tonight and comes back by itself in the morning; nobody has to remember to switch it on again.
- An allergen filter guests can use.

Price

$599 a year or $2,995 once, one site.

Pro $999 a year or $4,995 once. A free 30-day Pro trial is built in, with no sign-up.

Founding customers

The first five businesses to choose TEG-RESTAURANT get their first year at half price - $299.50 instead of $599.

In return: a short selfie testimonial - a quick video on your phone, or a written quote with a photo, whichever is easier for you - permission to name you as a customer, and your honest feedback. We will e-mail you now and then to ask how it is going, and our feedback page is always open for comments, criticism and suggestions - all very welcome.
